TO WHOM IT MAY CONCERN

Turners Conferences & Conventions (Pty) Ltd offers a Secretariat function in addition to organizing Conferences and Conventions.

ILSI South Africa has contracted the Turners Secretariat division since March 2011 and can attest to the fact that the service offered is very well-received. A most important and appreciated feature of this service is the desire to continuously improve; thus, any challenges presented are swiftly and successfully dealt with, exhibiting a solutions-oriented approach to conducting business.

ILSI South Africa has also made use of the Conference Organizing facility that Turners offers on numerous occasions, from small to larger events. More recently, this has included assistance in organizing a training workshop in Rwanda in which 16 African countries have been involved. In all of these events, Turners has exhibited an exceptional dedication to deliver an outstanding service.

We therefore do not hesitate in recommending Turners for both of the above-mentioned services.

Kind regards
